Earn an additional **\$200.00 per referral** – if your referral services at least **60 hours** by **August 31st**.

TERMS AND CONDITIONS

Steps to Receive Referral Payment for Each Referral!

Service Partners will be eligible for the **\$400.00 referral payment** if:

1. New registrants create their profile by going to <https://register.arise.com/> *
2. New and existing agents enroll in a bilingual Spanish certification class by April 30th AND
 - Services 30 hours (60 intervals) by July 31st, for your business to earn \$200.00 per referral.
 - Services at least 60 hours (120 intervals) by August 31st, for your business to earn an additional \$200.00 per referral.

Referral payments will be made after the servicing requirement has been met and may take up to 6 weeks to receive.

*Please note: The new registrant must enter your Referral Code (CSP ID/Agent ID) in their profile creation page to indicate you referred them. If the Referral Code is not entered, Arise will not make payment.

This referral program is open to U.S. Service Partners only and replaces all previous versions of any referral program. Arise reserves the right to make necessary changes to the referral program at any time, with or without notice. If you believe you have not received the referral payments that your business qualified for, please open a Service Now ticket. Please note that payouts may be delayed due to processing time. Effective March 1, 2026

2026 Referral Program FAQs

- 1. How are referral payments made?**

By direct deposit to your business bank account on record.
- 2. Can I refer registrants from other countries?**

No, you and your referral must reside in the same country.
- 3. Does the new registrant qualify my business for more than one referral?**

No, the new registrant can only qualify for one referral.
- 4. Where does the new registrant indicate he or she was referred by me or an agent working for my business?**

Referrals who are provided with a unique referral link will be automatically prompted to join your company – and will bypass the other options – once they provide their initial registration information, e.g., name, address, and phone number. For details regarding how to generate a link for your referrals, [CLICK HERE](#). (Above is not available to Sole Proprietors.)

A referred agent not provided with a link generated by your business can also go to ariseworkfromhome.com, click on Register Now, and create a profile. When asked, 'Did someone tell you about the Arise® Platform?' the new registrant must enter YOUR CSPID/AGENT ID where it says, 'Enter referral code if you have one.' Please note: the information cannot be updated/changed once entered. If a new registrant who did not register with a link generated by your business does not provide the referral code, he or she will not have met the requirements to qualify your business for the referral.
- 5. What does it mean to enroll in a certification course?**

Enrollment starts with registering to attend the certification course for a particular client program. The enrollment process can also include completing assessments, background checks, and/or drug tests before the start of the class. Once all steps have been completed and the new registrant has paid for the course, he or she has completed the enrollment process and is ready to attend the certification course.
- 6. Does my referral need to have created their profile in 2026?**

No. If they indicated they were referred by you when their profile was created AND are not currently servicing any other program, your business is eligible for this new referral program.

**7. What does it mean to complete all certification requirements and pass a course?**

To complete all certification requirements and pass a course means the agent has completed a certification course for a client program, e.g., attending class, completing self-paced work, passing all quizzes/exams, and, if applicable, completing the certification Statement of Work (SOW). Once the business has been offered a production SOW, all certification requirements are considered complete.

8. How soon after the new registrant meets all the program criteria can my business expect the referral?

It may take 4 to 6 weeks to receive the referral, depending on how quickly the new registrant moves through the registration process, the start date, and the duration of the certification course. Referrals are only reviewed once per month. Revenue deposits will appear in the latter half of the monthly revenue deposit. Processing time will vary based on the time of the year.

9. If I believe that my business has qualified for the referral, but I have not received it, what should I do?

You should open a Service Now ticket. *Please allow the proper processing time before a ticket is opened. (See question 7).*

10. Is this the most recent version of the referral program?

Yes. This version of the referral program replaces all previous versions.

11. What states can my referral reside in?

Please refer to the Additional Details section on the Program Announcements to review states that do not qualify.

12. What is the deadline for the referral to be eligible for the referral program?

The referred agent must:

- Enroll in a bilingual Spanish certification class by **April 30, 2026**, AND
- Service **30 hours** (60 intervals) by **July 31, 2026**, for your business to earn **\$200.00 per referral**.
- Service at least **60 hours** (120 intervals) by **August 31, 2026**, for your business to earn an **additional \$200.00 per referral**.

This referral program is open to U.S. Service Partners only and replaces all previous versions of any referral program. Arise reserves the right to make necessary changes to the referral program at any time with or without notice. If you believe you have not received the referral payments that your business qualified for, please open a Service Now ticket. Please note that payouts may be delayed due to processing time.
